## STATE OF SUGAR MARKET

WILLIAMS, DIMOND & COMPANY'S  
MONTHLY CIRCULAR.

Excess Sugar on Hand—Rains Give  
Prospect of Heavy Beet Crop in California.

San Francisco, December 12, 1899.  
The last circular per steamer Australia was dated November 13.

SUGAR—There has been no change in the local market nor for export to Honolulu since that date.

BASIS—Unchanged from November 14 to 18, cost and freight sale, \$50 tons, 4.27. Continued unchanged until the 23d, to arrive sale 44c, since which no sales reported, making net basis December 11 for Island sugar in New York 44, and in San Francisco 35.

NEW YORK REFINED—Quotations have remained unchanged, say 4.76-4.825.

STOCK—According to Willett & Gray, December 7, total stock U. S. Four Ports to December 8 estimated at 209,897 tons, against 86,523 tons same date last year. Six principal ports Cuba 11,000 tons, against 9,704 tons last year. Total stock in all principal countries at latest uneven dates to December 7, by cable, 809,897 tons, against 552,926 tons last year; excess over last year 56,971 tons.

EASTERN AND FOREIGN MARKETS—The spot market for raw sugar in New York has been quiet with very few sales the past month. Latest advices report an increasing scarcity of ready cane sugars in the markets of the world, and prices asked at the producing points are from 1-16 to 1-8c per pound above the parity of the spot market.

Latest reports from Java indicate total exports of the present crop to November 30, 578,000 tons, this crop being estimated at 650,000 tons, leaves still available for export to June 1, 1900, 72,000 tons. The scarcity of cane supplies for some time has turned the attention of refiners to beet sugars, and the outlook is for continued steadiness in the raw sugar market.

C. Czarnikow's circular under date of November 23 reports nothing of special interest in the market. Demand slow, and the trade not tempted to do more than supply immediate wants. Licht's estimates have been increased from 5,300,000 to 5,400,000 tons, and with the favorable weather now prevailing, it would not be surprising to see the actual yield exceed even his latest figures.

LOUISIANA accounts are still unfavorable, crop estimates now having been reduced to 150,000 tons.

CUBA advices report favorable weather for coming crops, and that some districts will show an increase over last year.

Latest estimates of the sugar crops of the world, from Willett & Gray, report grand total of cane and beet sugar 1899-1900, 8,414,000 tons, against 1898-1899, 7,937,463 tons. Estimated increase in the world's production 476,537 tons.

We have had fine rains all over the State for the past month, and a continuation of them will mean large returns of beets on this Coast, but too early now to estimate the quantity that may be produced.

COFFEE—Hawaiian. Nothing has been done in Hawaiian coffees for some time, and we cannot therefore note any change in the market based on sales. The trade regard these coffees as priced too high, and it will doubtless be necessary to reduce figures in order to stimulate consumption.

RISE—Hawaiian. Last arrived was 500 bags ex Australia; price 4 5/8c, less 1 1/2c per cent, but weak at this figure. A grade of New Orleans equal to Isl- and can be laid down here at 45c, today.

JAPAN—Selling at 4.55 less 1 1/2c per cent. Supply is limited, and demand has improved. The market, however, for all rice is ruling dull and at present writing, owing to the closing of the year, and jobbers will not buy before stock taking.

AN IMPORTANT DISTINCTION.  
"I lost my purse this afternoon."  
"Gracious, Julia, were you going shopping or coming back?"

## Kaiulani Tract

Situated on the east side of Kalihi Valley. The view to Pearl Harbor is the best in the city of Honolulu. The soil is very deep; no stones or rocks on the place.

Water will be laid before purchasers are ready to build.

A space will be set apart in memory of the late Princess Kaiulani for a park.

The lots will be sold at the lowest prices in the market, with which other real estate agents will not afford to compete.

Applications for lots will be received at our office, and will be given preference of choosing lots in the order they are received.
